EXHIBITOR TESTIMONIALS

AayurMed Organic Herbals LLP

We are manufacturing Organic Herbal Powder, Organic Spices and Natural Herbals Tea since 2017. We were participated in 3rd Global Organic Expo at Delhi and got encouraging business opportunities. Also, thanks to the support from MSME Delhi. We find that participating in Global Organic Expo is a good business exposure for Organic Industry. As a B2B exhibition we get enough exposure, which is our target market. On an average our stall was visited by around 500 business visitors in 3 days, out of that 90% were new to us. We have received good response for our brand and for bulk business both, we are also in talk with many business visitors for long term new business. We have also got new industry technology and new products available in organic industry through this exhibition. Global Organic Expo has also arranged many good speaker session for organic industry which was very informative for us.
We shall participate in coming years also as it is the best business expansion platform.

Anaghaya Global Wellness

We participated in the Global Organic Expo for the first time. Around 600 Visitors visited us in the three days of participation. We also managed to get new orders after the exhibition, and few orders are in pipeline. We got very promising business opportunities. Our business may increase upto around 50 lakhs after the orders that are in the pipeline. We got leads with organic stores, online organic market places and also did some B2B sales. Most of the orders in pipeline are from B2B customers. We thank the MSME DI Okhla for giving us the opportunity to participate in such a platform. We also got great insights from the speaks and also managed to see the new innovations and services that are part of our Industry. We will be participating again in the future events so that we can increase our business and take the products that are manufactured locally in India and have great potential for exports.

Native Organica

We are in the business of organic food processing. We participated in an expo for the first time at the 3rd Global Organic Expo 2022. We had a very productive participation and have got genuine business opportunities to pursue. Our stall visited by more than 2000 visitors. We hope to increase our business from the participation and look forward to future participation also.
We would like to thank MSME, Govt. of India and organisers of this event. This would not have a success without your active support.

Ancient Foods India

We are manufactures in Millet based ready to cook and ready to eat preservative free products, based in Hyderabad. We are participating first time in the Global Organic Expo and got encouraging business opportunities. We found participating in the Expo has given a good exposure for us in food manufacturing industry. We got good enquiries for B2B market. Approximately 500 visitors visited our stall in 3 days. 5 members immediately purchased our products and around 10 retail store owners has shown interest to keep our products in their stores as they liked our product quality, taste and shelf life. Few exporters has shown interest and enquires and many become our customer later. On an average our business may increase to 10 lakhs this financial year. As a business exhibition it is more than enough, as we are SME unit with minimum capacity. We got exposed to different upgraded technologies from the sessions organised in the event, where the same knowledge can be implemented in our production cycle.
We shall expect more such events organised in even more bigger way to expand our business opportunities.

Celebrating Farmers Edge International Pvt. Ltd.

The Global Organic Expo 2022 under the banner of International conference and exhibition managed by Iconex held from 26 – 28 May 2022 at Pusa New Delhi had been a huge success.
The 3 days expo was a motivational experience for our farmers interest groups who enjoyed and savoured every moment never giving a heed to the soaring temperature. The overwhelming response from the customers for the Ganna Chuski and Ganna Chai elated the farmers and it was such a delight for us to witness their celebrations and result of relentless hard work added by the appreciation for the concept of our CFEIPL Platform by both the delegates and dignitaries of the event and family a big shout out of appreciation to the organisers for their support and help without which this wonderful and great experience and success stories of our CFEIPL team wouldn't have been possible for us to achieve.

Creation Biotech

We “Creation Biotech” are one of the finest leaders when it comes toward international sale of Organic Herbs or Mint, this is all because of our continuous work over quality & supply chain fro m last decade. We feel encouraged & supportive in terms of 3rd Global Organic Expo 2022. We got enough positive exposure towards our new organic retail grocery brand “Immortelle”, & also got numbers of lead for our B2B platform “Pavitra Menthe”. If we talk in numbers then got around 50+ new customers in immortelle as well as 2 new buyer in Pavitra Menthe, overall, in our opinion we make business from this expo of more than a one Crores which is good at this initial level & that’s the reason we want to participate again for the purpose of promotion & to increase business reach. In the end I also want to add-on that our tham loved some line of Mr Ramdas Athawale.

Ganpati Scientifics

We are a manufacturer and processor of certified organic food products participated first time in 3rd Global Organic Expo 2022 in IARI Pusa. It was a nice experience and received good opportunities to enhance business in organic sector. It was a good exposure to participating in Global Organic Expo. We got a target audience here to whom we required to cover. Almost 500+ visitors were visited at our booth in 3 days out of them 90% are new for us. We received very good B2B opportunities in this event almost 50 new B2B client we have added in our buyers list, infect we have received purchase order of sample shipments from many of them. Also received 100 plus enquiries which we can convert into order. We are expecting approx. 1cr. Annual business from this event in next 12 months. As a business exhibition it is a good business which are expecting from the event for SME unit and in this emerging organic sector. We also found many new technologies in terms of organic farming sector which can enhance our quality standards. It was a great effort to enhance organic market in India as well as across the globe.
We shall participate in this event every year.

Heritage Oils

This is the 1st time we participated in the Global Organic Expo -2022 and the results have been outstanding.
We are a manufacturer of Cold Press/Wood Press Edible Oils namely Groundnut Oil, Sunflower Oil, Coconut Oil, Mustard Oil, Sesame Oil, Castor Oil etc. having a manufacturing facility at Pune. This Expo introduced us to multiple B2B opportunities. Requirements for Distributorship/Dealership can up on a good scale. We also got a chance to interact with various export houses and forwarding agents taking us closer to exploring the international arena.
We also did a lot of D2C sale in these 3 days of the Expo. A few business discussions on Export requirements and tie ups with hotels for pure cold press oils took place.
Seeing the positive response from the market, we are very much excited to participate in the upcoming exhibitions on a larger scale.

Supple Agro

We are the manufacturer of natural exotic fruit and vegetables, we are in this industry from 2016, we are participating first time in the Global Organic Expo 2022, is good business exposure for M/s Supple Agro on an average our stall was visited by approx. 500 visitors in three days, out of that 95% were new to us.
Approximately 50 business visitor show to establish regular business relation due to our quality and superior products. They may become our buyer later. As an organic exhibition it is more than enough as we are already natural going production house.
We shall participate in coming year also and is the best business expansion platform also.

Immunit

We’re an early-phase start up organization on a mission to bring back the traditional food & nutritional values to our plate. We participated for the first time in Organic food expo and got encouraging business opportunities. Also, huge thanks to the support from MSME DI Delhi.
It was a great learning and branding experience during the GOE’22 show. Being a B2C and B2B mix, we got around 700-800 visitors in 3 days, none of them being known to us previously. Around 50 visitors expressed higher interest in our product range due to our unique and clean products and may become our clients in the near future. This could mean around 5 – 6 lakhs of increased business if the interest convert to orders. As an early phase start up, this experience and expression of interest I encouraging for us.
From the Global Organic Expo, we got to interact with many dignitaries who have been pioneer in driving organic farming practices. Explored briefly about switching from whole wheat to other ingredients making the product range ‘gluten-free’ and even more nutritious.
We shall participate in coming years also as it is a good business expansion, branding and learning platform.

Kishor Agro Products - Samsara

Kishore Agro Products is the manufacturer of A2 Gir Cow Ghee, Chyawanprash and Amraprash with brand name, Samsara. Our products are natural and organic certified. We are participated first time in the Global Organic Expo and got encouraging business opportunities. Also thanks to the support of the MSME Delhi. As a B2B exhibition, we got enough exposure, which is our target. Around 100 business related people were visited to our stall in 3 days. Near 20 – 30 people were interested for long term business relations due to genuineness in our products. On an average our business will increase by approx. 50 lakhs on a financial year. As a business it is more than enough as we are a SME unit with limited production capacity. It is grateful to participate in Global Organic Expo.
We shall participate in the coming years also as it is the best business expansion platform.

VISITORS

12000 visitors from industries, farming, export, research, education, trading and consumers witnessed of the mega show.

Union Agriculture Minister Narendra Singh Tomar will inaugurate a conference that seeks to promote India's ancient farming techniques and blend them with modern marketing to enhance farmers' income.

The three-day Global Organic Expo, dedicated to social reformer late Nanaji Deshmukh, will be inaugurated on May 26 at the Indian Agriculture Research Institute (IARI), Pusa here.

More than 100 companies from over a dozen countries will showcase their innovations and products at the event that will have over 50 sessions on food farming, innovations, technology, skill development, marketing and export.

"This is a unique endeavour which is poised to become a premier platform for organic growers, aggregators, processors, value chain integrators and industry partners to offer global scale conferences and exhibitions," said Ved Prakash Mahawar, president of non-profit organisation Shespro which is organising the expo.

'Third Global Organic Expo promotes India's ancient farming system'

STATESMAN NEWS SERVICE

NEW DELHI, 29 May

The third 'Global Organic Expo 2022' concluded today at the Indian Agriculture Research Institute in New Delhi under the theme of "profitability for humanity."

This three-day event drew over 30,000 traders and organic enthusiasts. The Expo witnessed more than Rs 150 crore in revenue in just three days.

The Global Organic Expo emphasised the importance of organic farming, which is important not only for human health but also for the overall health of the planet. The Global Organic Expo – 2022 provided a forum for the Delhi business community.

traders, government bodies, and chambers of commerce

president of Shespro and former director (Onshore) of ONGC, said, "The 3rd World Organic Expo-2022 provided a platform for different countries to showcase their expertise on organic products and the potential of organic food and market offer to the consumer and business community."

"The goal of this expo is to promote India's ancient farming system by utilising cutting-edge technologies and scientific methods to ensure farmers' production, marketing, and income enhancement of high-quality products," he added.

Organic product manufacturers from across India, including the North East Region (NER) and Himalayan states like Jammu and Kashmir, Ladakh, Uttarakhand, and Himachal Pradesh, as well as women entrepreneurs, Farmer Producers Organizations (FPOs), start-ups, and organic product exporters, all contributed significantly to the Expo's success.

India can become first organic farming country by 2040, says Pawan Kumar Chamling

India can become the first organic farming country in the world by 2040. Former Chief Minister of Sikkim Dr Pawan Kumar Chamling said this while inaugurating the three-day 3rd Global Organic Expo- 2022 in New Delhi today. He said, when he was the Chief Minister, his government had passed a resolution in State Assembly in 2003 to make Sikkim an organic farming state and it took 12 years to achieve the target.

Dr Chamling said, organic farming will help to improve the health of the people and farmers will also get benefitted from this. He said, in turn, it will also help save the environment.

India is capable of becoming 100% organic farming nation by 2040: Former Sikkim CM

May 28, 2022 The Byte News

"India is capable to become a 100 percent organic farming nation by 2040. With political will and collective action, it would indeed be possible to transform India into an organic country," said former Chief Minister of Sikkim Pawan Chamling while inaugurating the third 'Global Organic Expo 2022' at Indian Agriculture Research Institute, Pusa Road, New Delhi.

Under the theme 'Profitability for Humanity'. During the inaugural session, Chamling reiterated Sikkim and its journey as the first organic state of India and also thanked Prime Minister Narendra Modi, for pushing the organic agenda on a national level and making it a national program.

"On 18 January 2016, Sikkim became the first 100 percent organic state in the world; duly acknowledged by Prime Minister Narendra Modi.

BREAKING
बड़ी खबर

नयी दिल्ली, 23 मई (भाषा) केंद्रीय कृषि मंत्री नरेंद्र सिंह तोमर एक सम्मेलन का उद्घाटन करेंगे जिसका उद्देश्य भारत की प्राचीन कृषि तकनीकों को बढ़ावा देना और उन्हें किसानों की आय बढ़ाने के लिए आधुनिक विपणन के साथ मिलाना है।

समाज सुधारक स्वर्गीय नानाजी देशमुख को समर्पित तीन दिवसीय 'ग्लोबल ऑर्गेनिक एक्सपो' का उद्घाटन 26 मई को यहां भारतीय कृषि अनुसंधान संस्थान (आईएआरआई), पूसा में होगा।

एक दर्जन से अधिक देशों की 100 से अधिक कंपनियां इस कार्यक्रम में अपने नवाचारों और उत्पादों का प्रदर्शन करेंगी। इस कार्यक्रम में खाद्य खेती, नवोन्मेष, प्रौद्योगिकी, परिधान विज्ञास, विपणन और निर्यात पर 50 से अधिक सत्र होंगे।

एक्सपो का आयोजन कर रहे गैर-लाभकारी संगठन सेन्द्री के अध्यक्ष वेद प्रकाश महावर ने कहा, "यह एक अनूठा प्रयास है जो वैदिक उत्पादकों, एग्रीगेटर्स, प्रोसेसर, वैल्यू चेन इंटीग्रेटर्स और उद्योग भागीदारों के लिए वैश्विक स्तर के सम्मेलनों और प्रदर्शनियों की पेशकश करने के लिए एक प्लेटफ़ॉर्म बनाने की ओर अग्रसर है।"

With the vision to provide a major platform for organic producers, aggregators, processors, value chain integrators and industry partners, the 3rd edition of Global Organic Expo 2022 is poised to engage and empower the organic sector in India. The sector includes food farming, innovations, technology, skill development, start-ups in Organics, marketing distribution and exports. The Expo will be held at Indian Agriculture Research Institute (IARI), Pusa.

Dedicated to Bharat Ratna Nanaji Deshmukh, this event aims to promote India's ancient farming system with the latest technologies and scientific methods to ensure production, marketing and income enhancement of high-quality products by the

Tomar to inaugurate organic expo on May 26

NewsDrum Desk May 23, 2022 - 20:23

New Delhi, May 23 (PTI) Union Agriculture Minister Narendra Singh Tomar will inaugurate a conference that seeks to promote India's ancient farming techniques and blend them with modern marketing to enhance farmers' income.

The three-day Global Organic Expo, dedicated to social reformer late Nanaji Deshmukh, will be inaugurated on May 26 at the Indian Agriculture Research Institute (IARI), Pusa here.

More than 100 companies from over a dozen countries will showcase their innovations and products at the event that will have over 50 sessions on food farming, innovations, technology, skill development, marketing and export.

"This is a unique endeavour which is poised to become a premier platform for organic growers, aggregators, processors, value chain integrators and industry partners to offer global scale conferences and exhibitions," said Ved Prakash Mahawar, president of non-profit organisation Shespro which is organising the expo.
